## DIMES WILL DO IT

Americans have always given generously to alleviate the suffering of the afflicted. Hardly a state in the union, or a nation on earth, has not known the real blessing of their wholehearted, neighborly response to disaster at home or abroad, whether from flood, or fire, or earthquake.

But disaster can take many forms — and one of these is epidemic disease. During the last twelve months our nation suffered the worst infantile paralysis epidemic since 1916, and in California the number of victims of dread polio exceeded any previous annual toll.

Unlike the blows inflicted by the elements, polio is surrounded with none of the spectacular evidences of destruction and ruin that make headlines and produce immediate, spontaneous outpouring of relief funds. Yet, as the grim 1948 infantile paralysis toll proves, the fatalities, the suffering and the ruined lives — principally among children — which follows in the path of this great destroyer, are no less deplorable than the toll inflicted by a disaster of nature.

This week Californians can join with Americans in every state to help fight infantile paralysis by contributing dimes and dollars to the annual fund drive of the National Foundation For Infantile Paralysis. The official campaign dates are January 14 through January 31.

The Foundation's treasury is nearly exhausted by the drain imposed by the 1948 polio epidemic, and the need to replenish it is urgent. Should the fund fail — as Community Chest drives failed recently in some California communities — the lives of many victims might be forfeited. That must not be allowed to happen.

Dimes will do the job — your dimes and your neighbors'.

"We speak of the wastage of resources, thinking in terms of natural resources such as water, timber, wildlife, and so forth, and neglect to consider perhaps the key resource — the minds of American youth properly inculcated with the philosophy of conservation." — A. E. Henning, chief of the California Division of Beaches and Parks.

## THIS YEAR IT'S DIFFERENT

If the pelting rains and heavy snows to date are a yardstick of weather to come, California is due for its first "normal" winter in many a year. Some forecasters even predict unofficially that a record "wet" year may be in prospect.

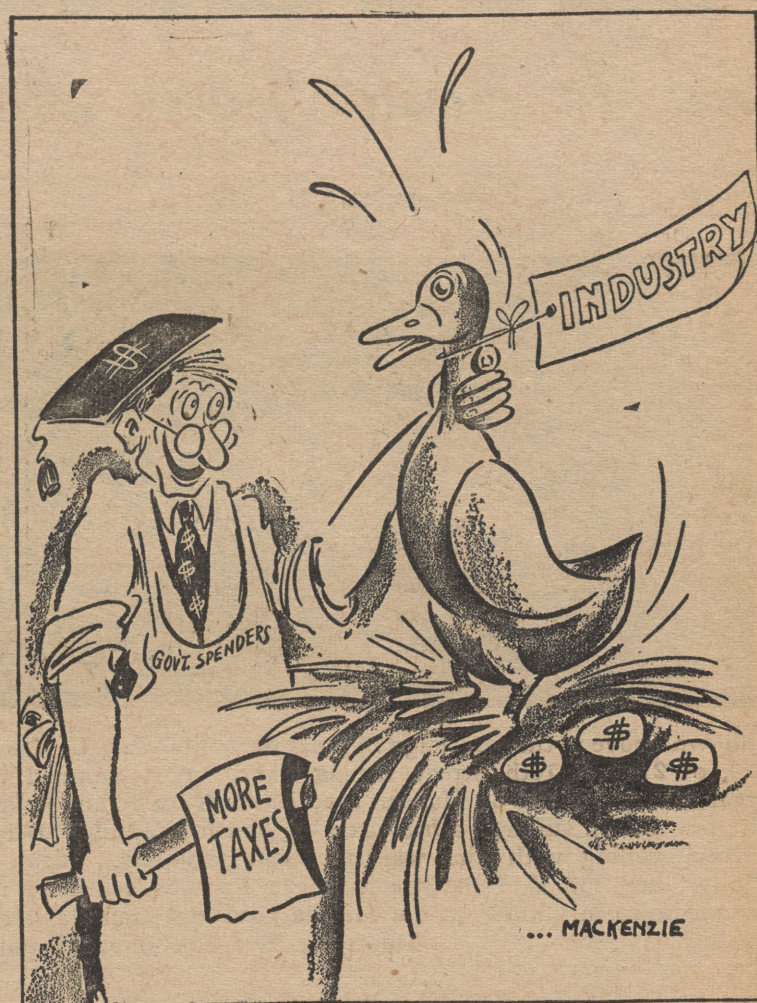

Come what may, however, California can sit back and take what winter brings in stride for a change. There is little or no threat of a power shortage. In fact, the state's power companies report that wartime delayed expansion programs are being rushed toward completion in the biggest power-building program underway in the nation today. More than 400,000 new horsepower have been added to systems in northern and central California alone — and a million and a half more horsepower are scheduled for addition within the next three years.

Officials of the Southern California Edison company in Orange county made accessible the results of a survey of the critical power shortage which existed, based on reports of 90 per cent of the industry, which shows that the electric light and power industry met December's peak demand for electricity, the highest electric load in history, with a generating capacity margin of five per cent to spare. Traditionally a period of greatest electricity use in most parts of the country, December, with its Christmas season activities and short dark afternoon, puts an extra load on generating facilities.

But let the rain and snow continue. It's more than welcome. Winter sports enthusiasts, not to mention farmers, will welcome each new storm. The rest of us shouldn't grumble too much about getting wet and sloshing through puddles either, for if the raindrops were dollars, they couldn't be worth more to the state.

## SPARE THE AX!

By MACKENZIE

## I RISE TO REMARK

By John Phillips

There is a story about a man riding one of these Super-Duper streamliners across the western states. He looked out the window and said to the porter, "I'm surprised they'd have picket fences in this open country." The porter looked out; then replied, "That isn't a picket fence, sub, those are telegraph poles."

I'm not suggesting yet that we are moving that fast toward national socialism, but milestones in this nation's history are beginning to look like an old New England stone fence. I've bought myself a little notebook for 20c, and I'm writing down the inscriptions on them, as we go by.

In the 81st Congress we professed a bi-partisan policy on certain subjects, notably foreign affairs. The ratio of the Senate committee, to which such matters went, was set by the Republicans as 7 to 6. The Republicans did suggest mildly that it would be nice if we could be called in at the take-off, and not after the crash landing. The idea was good, however, and through Senator Vandenberg and Senator Taft, there was bi-partisan effort.

This session the Majority Party changed the ratio to 8 to 5. There has been no bi-partisan policy in evidence. Crack out of the box, without notice, came the appointment of M. R. Acheson as Secretary of State. It was he who brought Alger Hiss into the State Department; Donald Hiss is a member of the Acheson law firm; it was he, Undersecretary, who defended the loyalty of the young man, who when the Congress secured his discharge, went to the phone and called commie headquarters, and

asked, "What do I do now?" All that I am saying is that the policy is obviously changed. It is a milestone.

Committee appointments are about to be announced. The Ways and Means committee, which will impose additional taxes on you, and decide arguments over reciprocal trade agreements, has 5 new Democrats. Of the 15 now on that side, at least 8 will follow new deal policies, rather than Jeffersonian principles.

The Judiciary committee had a ratio of 15 to 12. The ratio will be 17 to 10. That committee will have the arguments over the Colorado River dispute, and a few assorted matters of western interest.

The committee on Expenditures in the Executive Departments had a ratio of 15 to 10. It will be 18 to 7. What do you think will happen to the Hoover recommendations for economies in government, or removing duplications? Is it a milestone?

The bigger milestones will follow. The biggest is the one about which I write and talk frequently, the operations of the propaganda machinery. This involves the difference between the actions of the Congress as the communists and commentators report them to you, and as we see them on the floor. We started right out with the vote on the rule, on the opening day. I'll wager not one person out of a hundred, who reads this, could tell me what the vote was on, or what the Congress actually did. My correspondence shows that. I'll try to tell you sometime, just to demonstrate what I mean.

Dinner guests of the George Wiferafts and Eddie Merriams on Monday night were Mr. and Mrs. Wayne Bovey, friends from Ogden, Iowa.

Mr. and Mrs. Victor Konig and children have been enjoying a brief vacation and drove to Glendale on Sunday where they were dinner guests of Mr. and Mrs. Evelyn Austin. They also enjoyed trips to Hollywood, dinner in Cinatown and Olvera St.

A group of 500 devotees, who enjoy an evening of cards twice a month, met Saturday evening in North Long Beach at the home of Mr. and Mrs. Bill Watson. A. H. Strempel was winner of high score prize, Mrs. Pierce Ausburn, second, Mrs. Bill Johnson, third, and Mr. Watson, fourth. Substituting for Ralph Scally and Mr. Ausburn, who were unable to attend were Mrs. Charlotte Price of Anaheim and Mrs. Job Denni.

## 100 THINGS YOU SHOULD KNOW ABOUT COMMUNISM--EDUCATION

45. That's just the plain old badger game that criminals use everywhere, isn't it?

46. Did you say "war"? Surely. The Communists excuse it on the ground that in war anything goes.

47. What are some of their other "war" tactics on the school campus? There are many Communists and Communist sympathizers among actors, actresses, authors, musicians, and other artists whose careers are interesting and attractive to young people.

48. Do they meddle in student activities? One of the Communist Party's most powerful devices for catching youth is that of using these "big name" agents to spark a campus rally or meeting which has as its real purpose the planting of Party propaganda.

49. Do the students know what they're getting into, when they go to these things? Hardly ever. They go for the fun and excitement, but then the loops and the snares go out and catch all too many.

50. What happens to them, then? The girl or boy who falls under Communist influence is in danger of losing his whole future as an independent, American citizen. The same applies for teachers or anybody else.

51. Why? Because nobody, man, woman or child, can be a Communist and a good citizen of the United States of America at the same time.

52. Again, why? All Communists everywhere come under the same rule: Absolute obedience in all things to Party orders. Each and every one of these party orders starts from the Kremlin in Moscow, Russia.

53. Do any teachers in our schools actually submit to such a Communist dictatorship? Here again, at what Dr. Gideonse has to say:

"Communist professors and teachers play an important part, of course, in the broad-scale campaign to convert our youth to Stalinism."

54. How do they work? By slipping propaganda into classroom work and textbooks and by leading gullible students into Red-sponsored campus activities.

55. What's biting these people, anyhow? Here is at least one part of the answer given by John Hanna, a professor of Columbia University, who was formerly with the Farm Credit Administration and chief analyst with the United States Courts' Administration Office:

"The girls' schools and women's colleges contain some of the most loyal disciples of Russia. Teachers there are often frustrated females. They have gone through bitter struggles to attain their positions."

"A political dogma based on hatred expresses their personal attitude."

Politics based on hatred and self-pity has the same appeal for men, too, who feel frustrated by life.

## CYPRESS PERSONALS

Mr. and Mrs. James Russell have as their house guest, the latter's brother, Jack Moody, who is visiting here from Oklahoma. Recently discharged from the Navy, Moody hopes to make his home in California.

The Jack Junkers had as their guests over the weekend, Mr. and Mrs. Roy Stevers of Long Beach.

Mr. and Mrs. Rollin Miles and their son and daughter-in-law, Mr. and Mrs. Courtney Miles, attended a housewarming in Sierra Madre on Sunday, given to celebrate the completion of the new home of the elder Miles' brother and wife, Mr. and Mrs. C. L. Miles. About 50 persons, mostly relatives, were present.

Len White was down from Inyokern to spend the weekend with Mrs. White. On Sunday, their dinner guests were their daughter, Miss Darlene White, Miss Jackie Plummer and Don Jones, all of Pasadena, and Mrs. White's mother, Mrs. R. M. Fuquay of Cypress. Miss White and her father left on Monday to return to their respective places of employment.

News of interest to many Cypress residents is that of the engagement of Miss Harriett Shea of Bellflower, daughter of Mr. and Mrs. W. T. Shea, former residents of Cypress, and Henry Van Ruitan, also of Bellflower and the nephew of Pete Van Ruitan of Cypress. Miss Shea graduated from the Cypress Elementary school, attended Anaheim High school and was graduated from Excelsior Union High school. She is employed at the Thompson Mercantile store in Bellflower. Her fiancé was graduated from Excelsior High school and Compton Junior college and is now attending Loyola university. The marriage has been planned for the summer.

The attractive property at the site of 6282 Lincoln Avenue, which was formerly owned by the H. H. Ihnen's, was recently sold to C. L. Belzer, who has taken possession. The Yonas market, which was included in the sale, continues to be under the management of "Chuck" and Beth. Mr. and Mrs. H. A. Ihnen have also left this vicinity, and it is hoped that a change of climate will be beneficial to Bud's health.

Mrs. Milam Williams underwent surgery this morning at Anaheim Community hospital for the removal of a growth from the right ankle which has caused her much discomfort. Mrs. Williams is county editor for the Anaheim Bulletin, and is a frequent visitor in Cypress.

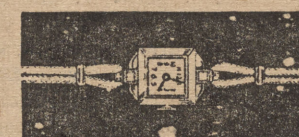

Mike Precie left the early part of the week for a motor trip to Yreka on business.

Art De Vahl is a resident at the Cypress auto courts, having moved here from Huntington Beach. He is employed by F. S. Walley in the barber shop.

## Los Alamitos

Mrs. Frank J. Watte, Phone L. B. 35348

The Good Neighbors club held its monthly meeting at the home of Mrs. James Reynolds, 3641 Howard street. The new officers took their places and presided for the first time at the meeting. A short business meeting took place. Refreshments of hot tuna salad sandwiches and cream pie was served along with coffee. The members couldn't help exclaiming over the very attractive kitchen in the Reynolds' home, which is painted in Chinese red and black. One of the main features of the club meeting took place afterwards when the ladies presented Mrs. Marge Moore with a surprise baby shower. Marge was completely stunned, and so very happy. She received many lovely gifts, of soap, blankets and baby clothes. The afternoon was completed with games of cootie, and prizes were won by Florence Layton, and Dorothy Johnson.

Another surprise shower took place in the home of Mrs. Marvin Smith. Very close friends of hers gathered for a surprised afternoon of cards, and instead Wanda Smith was the recipient of some beautiful gifts for a baby layette. Attending were Mesdames Lela Anderson, mother of the showeree, Katherine Anderson, her sister-in-law, Marie Slagle of Ontario, William Hawkins, Alnah Mitchell, Cleo Dewitt, Robert Owens, Golda Gunning, John Vanderleek, Mrs. G. T. Gaa and Mrs. Cleo Ard were hostesses.

Mr. and Mrs. Temple and their two children have taken up their residence at 10942 Reagan avenue. They purchased the home from the Johnson family, who moved away from Los Alamitos last year. They now live in Long Beach.

Mr. and Mrs. Oscar Watte, and Mrs. Lydia Watte, visited Sunday with Mrs. H. Le Sadeleer, who has recently returned home to Barber City from a long siege in hospital.

His fifth birthday will always be a pleasant memory for little James Calvin Reynolds, son of James and Florini Reynolds. The little boy is staying with his grandparents at present. The children played various games and prizes were given. His little playmates that attended the party were Sylvia Bell, Francis Partyn, who both won prizes, Tommy Curry, Burton Claude Frisby, Jimmy Turley, David Rasmussen, Russell Christenson, and John Randolph Marshall.

Relatives and friends of Kenneth Otte were on hand Saturday night to help make that little boy the winner of a competition. Mr. and Mrs. Oscar Watte were extremely pleased to see their eight year old nephew come out in the lead against 23 other competitors. Mr. and Mrs. Emme Otte, Mr. and Mrs. Denny Otte, also aunts and uncles, were also on hand. Kenny, the son of Joe and Hazel Otte, of 148 Ximino, Long Beach, fascinated the audience with his charming vocal versatility. The three judges and the audience proclaimed the young man the undisputed winner of the group. He was the youngest of the performers whose ages ranged up to 25 years. As winner he received a \$300 screen test from California Productions Hollywood casting office. He also has an invitation for luncheon with Peggy Ryan, at her famous Burbank restaurant, and received a personal message from Brian Donlevy, the movie star. The group competed at the Masonic Temple in Long Beach.

Due to heavy rains last Wednesday night, the Legion auxiliary postponed its meeting until the following Monday. Just business was discussed at the home of Mrs. Bonnie Rathbun, where the special meeting was held. The discussion of final plans for the bingo party, taking place January 22, were completed. Also the date of February 12 was decided upon as suitable for the Valentine dance. The four latest winners in the blanket club are Elmer Layton, knife set, Altar Society, gold blanket, and two blankets to Louisa Aguilar.

Mrs. Lydia Watte, Green street, attended a baby shower for her sister, Mrs. Margaret Hall, last week. It was given by their mother, Mrs. Clara Fields, 6632 Kingman in Buena Park, and 32 friends of the sisters attended the shower, and left behind them a bevy of lovely gifts for the mother and baby. Refreshments of cake, sandwiches and coffee were served.

The Los Alamitos Fire department acted as hosts to the Associated Chiefs Thursday. They were served a delicious ham dinner, with a full menu of Waldorf salad, candied yams, mashed potatoes, peas, hot rolls, coffee and home made apple pie. The ladies of the auxiliary began serving at seven p. m. Following dinner, the regular meeting took place.

Many sweaters and coats, also lunch pails, are in the lost and found box. The classes have been taken in to look over the supply but many have not been claimed. There are some children in the school who could use these sweaters and coats and if they are not claimed.

### Card Party

The P.T.A. sponsored monthly card party was held in the utility room of the school last Tuesday evening. These get-togethers are proving to be beneficial to the organization and a pleasure for those who attend. The public is invited and an announcement will be made in ample time for next month's party so that all who wish may be present.

Hostesses were Mrs. Gerald Kelley, Mrs. John Lukens and Mrs. Ted Allemen. High prizes in 500 were won by Mrs. Milam Williams and Price Seibert with Mrs. Gus Ehrig and Eddie Merriam receiving consolation awards. In pin-ochle, Mrs. E. V. Corby and George Witcraft were high and Corby was low. At the conclusion of the games, refreshments of whipped jello, toll house cookies and coffee were served.

### Carnival Date

At a meeting of the P.T.A. board this week it was voted to hold another carnival this year. The date which has been set is Friday, April 29. This popular affair, under the sponsorship of the P.T.A., has become one of the highlights of the school year.

### New Desks

The board of trustees of the Cypress elementary school was delivered 300 new blonde desks for the new building, on which they earlier received bids. The desks were set up and placed in the class rooms this week.

Visiting in the C. W. Bigg's home on Gay street is Mrs. Bigg's brother, B. R. Nofsinger. He drove out from Elmira, New York, where he was employed in a glass manufacturing concern. Nofsinger is planning on an extended stay in California.

At a meeting of the P.T.A. board this week it was voted to hold another carnival this year. The date which has been set is Friday, April 29. This popular affair, under the sponsorship of the P.T.A., has become one of the highlights of the school year.

Sgt. and Mrs. Ray E. Lucas moved last week from the residence they own at 5632 Vonnie Lane to the El Toro Marine base. Their new address is EM No. 1, NCO quarters. The Lucas's will not be entirely lost to Cypress, as they expect to continue their membership and offices in the VFW post and auxiliary, respectively.

### STANTON CHAMBER ASKS OPINIONS OF ORGANIZATION

A request that every Stanton business person write a letter to the Chamber of Commerce stating reasons for liking or disliking the civic body and offering constructive criticism, is made by Edward Faulkner, president of the recently re-activated group.

Faulkner said that the board of directors will take action on all comments at the February first meeting providing the letters are signed. No unsigned letters will be considered sincere, he warned.

John T. Gantsch, membership chairman, has informed the board that he has secured four more members and expects to fill the

goal of 25 by February first. The Boy Scout troop sponsored by the Lions Club, Warren Cox, Scoutmaster, will take a census of the community between now and February first, the chamber has been advised.

Whitney D. Bell, chamber treasurer, was elected director to Associated Chambers of Commerce, and Elmer Koeppen, a director of the local body, was named his alternate.
